

Student 2-in-1 Laptop Bundle

Education devices are now essential to classroom learning - empowering students to collaborate, explore, and achieve more every day. This Student Device Bundle provides everything they need to succeed, including a 2-in-1 Laptop with all the essential tools for a connected, digital learning experience.

What device is provided to the students ?

- It is an Asus 2-in-1 Laptop, created specifically for use in education
- The laptop is designed with students in mind and offers both laptop and tablet functionality, with a full keyboard, digital pen, and a responsive touchscreen. It comes with 128GB of Storage, 8GB of RAM and a 12.2 Inch screen. A case is also included.

Can we use a device we already have at home ?

Unfortunately not. In order for the class to be able to view and interact with content in a consistent, inclusive and secure way, each student will be obliged to use the exact same device.

What services are included ?

The device will be set up with the school's specified software and applications. Safety measures are added to prevent dangerous or inappropriate software or apps in order to provide a safe and secure environment. The Bundle includes an extended 5 Year Warranty & 5 Year Accidental Damage Cover. We also provide dedicated online, email and phone support for all parents and students.

What are the costs and payment options ?

- The bundle cost is €650 (2-in-1 Laptop, Warranty, Accidental Damage Cover & Support.)
- You can pay for your child's Student Device Bundle either in full by credit/debit card, in instalments with our interest-free Payment Plan or Credit Union.

What are the next steps ?

- You will need to order your Student Bundle before the 30th of May 2026.
- There is a guide on the next page, showing you how to place your order.
- The 2-in-1 laptop will then be delivered to the school in August.
